Boycott List

15 May 2017 (Rev.5)

The *Keep 43 Committee of Canada* has seen a rise in organizations embracing bad science to promote bad policy which harms children.

The organizations listed herein support the Repeal of Sec.43 (via Senate Bill S-206), and the criminalization of the 82% of parents who use minor force in child-rearing. World-wide evidence of countries with long-standing parental “spanking bans” overwhelmingly shows *these promote nine types of increased unintended harms on children, families and society*.

Of greatest concern is the substantial increase in serious assault on children by parents, other types of child abuse and child & youth violence rates. Those who engage in political activism to repeal Sec.43 are effectively promoting these harms in Canada via legislation.

We believe any organization who promotes harming children under the guise of advocating for them is reprehensible. We also believe that organizations whose stated policy is to harm children via legislation should not retain a charitable status for tax reasons.

We ask those *genuinely* concerned about child welfare review this list and boycott / do not fund, any organization who participates in this assault on the family.

All efforts have been made to ensure this list is accurate. IF you *do not* support Repeal of Sec.43 and are incorrectly listed, please contact us to “Sunshine List” your organization and correct the “Boycott List”.

Thank you to all those who work for the genuine protection of children and family,

Keep 43 Committee of Canada

Organisations that support Repeal 43 (Senate Bill S-206)

Notes:

(1) Signatories appear on the repeal43 website found here:

<http://www.repeal43.org/supporting-organizations/>

Names from this list that do not appear to exist have been omitted

(2) CHEO (Children's Hospital of Eastern Ontario) propagates an opinion piece containing false and misleading statements on the science of child-discipline and Canadian Law in the attempt to gain signatories supporting repeal of our laws and the effective criminalization of parenting in Canada. Citation: Durrant, J.E., Ensom, R., and Coalition on Physical Punishment of Children and Youth (2004). Joint Statement on Physical Punishment of Children and Youth. Ottawa: Coalition on Physical Punishment of Children and Youth. Latest printing 2007

Colour Legend

These signatories wanted repeal before the Law was defined in 2004. As they do not appear on the post-2004 CHEO statement, they may be satisfied with Canada's common-sense Laws allowing parents to use minor force in child-rearing.

These orgs indicated, even after 2004 SCOC definitions, they support the criminalization of minor constructive physical discipline, aka a "spanking ban". In effect, they approve of legislating increased harms (such as child abuse and youth violence) such bans are shown to repeatedly inflict.

Please boycott these well-known Charities that support legislating harm on children

Please boycott these religious orgs that support legislating harm on children

These entities are not signatories to either (1) or (2) but have publicly stated their objective is to hurt children & families via S206 / Repeal 43
